TRUSTEES, CANADIAN CURLING CHAMPIONSHIP

Hon. Thane A. Campbell

Hon. Senator
John T. Halp, Q.C.
Chairman

R. G. L. Harstone

It is a real pleasure to welcome competitors, officials and spectators to the City of Regina for the 1955 Canadian Curling Championship Play-downs.

This is the second time that these games have been held in the Province of Saskatchewan and it does seem fitting that the Capital City of Regina should have been selected in the year the Province is celebrating its Golden Anniversary.

Nineteen hundred and fifty-five marks the 28th renewal of this Canadian Curling Classic which started in the City of Toronto in 1927. As Trustees we are indeed proud to have been associated with this Competition and the friendly spirit and understanding which it has fostered among sportsmen from across Canada.

Saskatchewan boasts the greatest curling fraternity of any Province in Canada and the atmosphere of friendship and hospitality which has been created by the citizens of Regina and the Province at large will be happy memories we shall retain of the 1955 Playdowns.

THE TRUSTEES.

"BRIER" HEADQUARTERS IN REGINA

THE SASKATCHEWAN HOTEL

HON. W. J. PATTERSON

Lieutenant Governor of Saskatchewan

Curling is the most popular game in Saskatchewan, and in every community, even the smallest hamlet has its curling rink. The game is played by every one, men and women, old and young.

Naturally we were very pleased when the Trustees of the Macdonald's Brier Tankard selected Regina for the 1955 playdowns for the Dominion championship. This event will be followed with particular interest in every part of the Province. No effort will be spared to make visiting curlers and guests welcome, and to ensure that their visit to this City will be an enjoyable one.

In 1955 Saskatchewan celebrates its Fiftieth Anniversary as a Province, and the Macdonald's Brier playdowns will be one of the outstanding events in connection with that celebration.

As a curler as well as Lieutenant Governor of the Province I am happy to express my thanks to the Trustees for their selection of Regina, and to extend a very warm and sincere welcome to the curlers from other sections of Canada who will come to our City in March to determine the Dominion Curling Championship for 1955.

W. J. PATTERSON.

HON. T. C. DOUGLAS
Premier of Saskatchewan

Saskatchewan welcomes curlers from all over Canada to the 28th Playdowns for the Macdonald's Brier Tankard and Dominion Curling Championship.

This year Saskatchewan is celebrating its Golden Jubilee and we are glad of the opportunity of having our friends from other provinces here to celebrate with us.

I hope that you will enjoy your stay in Saskatchewan, and I can assure you that we will do our best to give you a taste of western hospitality.

Good luck and good curling!

T. C. DOUGLAS.

A SALUTE

from

HIS WORSHIP

MAYOR L. H. HAMMOND

In the Province of Saskatchewan, the year 1955 is one of real significance, for we celebrate our Fiftieth Anniversary as a Province. Regina, the capital of the Province, is proud to participate in these celebrations. We will act as host to many large gatherings and important events throughout the year.

One of the most popular of these functions is the Dominion Championship

Curling Playdowns for the Macdonald's Brier Tankard, being held in Regina for the first time since the inception of the event.

No more popular event could be staged here so far as we are concerned. Although Saskatchewan rinks have been singularly unsuccessful in winning the coveted trophy, the people of the Province have always been vitally interested in the game. Regina itself now has six curling rinks totalling forty-four sheets of ice, thirty-three of which have artificial ice-making facilities. For a city of approximately eighty thousand of population, this surely demonstrates the enthusiasm here for the grand old game.

In addition to the regular curling rinks, Regina boasts of its municipally owned Stadium where special events are staged and which will be the scene of the Macdonald's Brier matches.

We welcome curling and curlers to Regina. We feel it typifies the spirit of the west with its open-handed hospitality and demonstration of good sportsmanship, a game which no one loses because everyone is the better for having played it.

During the week of March 7th, curlers from every part of Canada will be with us. We welcome you. Every facility in our City is yours. It is our hope that you will enjoy not only the matches themselves, but the good spirit and hospitality which prevails among the curling fraternity. Good luck to you all—may you have a happy time both on and off the ice to the extent that your stay in Regina will remain with you always as a treasured memory.

L. H. HAMMOND.

Legislative Building from Albert Street Bridge

REGINA . . . *The Wheat City*

Redmen and redcoats are part of the colorful background of the history of Regina, capital city of the Province of Saskatchewan. "Redcoats" was the title of respect given by the Indians to the scarlet tunics of the Royal North West Mounted Police, whose headquarters were established in Regina in 1882. Though Fort Regina, as it was sometimes called, has since become a thriving metropolis of 75,000, it still remains an important training centre for the famous Scarlet Riders of the Plains. Their spacious and up-to-date barracks and unique historical museum are a never-failing source of interest to tourists and natives alike.

It is over 70 years since the Regina district was the rendezvous of rambling buffalo herds. Yet its early history is entwined with the wanderings of that majestic animal. There was an old

Indian legend that the buffalo would always return to the grazing grounds of his forefathers. So the Indians piled the bones of the slaughtered animals at a spot near the present site of Regina. This huge mound of bones became a landmark known in early official documents as "Pile O'Bones."

However, when the Canadian Pacific Railway reached that spot in 1882 it was decided that a more dignified title should be given the little settlement which had been selected as the capital of the North West Territories. Princess Louise, daughter of Queen Victoria, suggested that the Latin word for queen would be a fitting name and Regina it was from that time on.

The Capital city has never fully escaped from its early Indian tradition. The Cree Indian word for Pile of Bones became Wascana. That was the name

Royal Canadian Mounted Police headquarters, Western Canada—west side of square

Combines harvesting the wheat crop on the plains just outside Regina.

en

given to the creek which passes through the southern edge of the city and which has since become beautified and broadened to create a lake fronting the dignified legislative buildings.

From the lofty dome of the stately edifice one can look over the comparatively flat plains for many miles in all directions. The eye sweeps over productive wheat lands, dotted with farms, giving Regina the distinction of being the centre of one of the world's great bread baskets.

Regina has grown remarkably in the span of 72 years. Beautiful boulevards, parks and tree-lined streets have replaced the muddy trails of the pioneer days. Substantial buildings of stone, brick and wood now make the early settlement of tents a faint memory in the minds of a few of the oldest citizens. Trans-continental railroads, highways and airways have replaced the meandering trails of bygone days.

Regina owes her remarkable growth to the fertility of her wheatlands and the industry of her people. Ideally suited for farm mechanization, Regina has become the service and distributing centre of one of the richest farming districts in the world. At her annual summer fair, "Machinery Row" brings to the eyes of the visitors \$1,000,000 worth of the most up-to-date farm machinery in the world. Sales of such machinery have reached \$30,000,000 in a single year.

Thousands of Regina citizens find employment in her service establishments. Retail stores are on a par with any on the continent and volume of

sales run in the neighborhood of \$110,000,000 per year. Wholesale trade is even on a larger scale. Many of Regina's 177 wholesale houses supply nearly half of the province and serve a trading territory extending over hundreds of square miles. Sales volume is estimated at over \$120,000,000. Large mail order houses serve a very wide area from Regina. Their operations contribute to making Regina one of the largest postal revenue points in the entire Dominion.

While pre-eminently a distributing centre, Regina still has a sizable industrial development. Some 3,000 citizens find employment in various industrial establishments, which have an annual output valued at approximately \$55,000,000. There are two large oil refineries with a combined capacity of 34,500 barrels per day. The products of bakeries, creameries, and packing houses make up a large part of the industrial volume. Other products are beverages of various kinds, a wide selection of wood products, and the output of printing and publishing, chemicals, leather, furniture, upholstery, and other establishments.

Regina is the oil capital of Saskatchewan. In addition to its two large refineries, it is the location of a main pumping station on the oil pipe line linking the great Alberta oil fields with Sarnia, Ontario. Moreover, Regina is the head office location of many of the companies engaged in an intensive oil exploration and development program in Southern Saskatchewan, where many substantial oil fields have been found.

Post Office Building in extreme background.
Victoria Park in the foreground.

27

Natural gas is in this picture too as plans progress to build a trans-Canada line to pipe Alberta gas to Eastern Canadian cities. Regians expect to tap this pipe line for their domestic natural gas requirements.

Regina people, however, do not devote all their time to trade and industry. They have erected great institutions for the care of sick, for the education of youth, and for the cultural development of all ages. Regina has two large hospitals with a total of 1,400 beds. One of these houses a cancer clinic which is on a par with any on the continent. All services are of the highest standard and with excellent doctors, Regina is becoming increasingly recognized as an outstanding health and medical centre.

For lovers of music, art, and drama, Regina has notable organizations sponsoring these and related activities. These include an orchestra society, a women's musical club, a Little Theatre, a Children's Theatre, a light operatic society, a male voice choir, several bands, and numerous school and club vocal and instrumental groups. Thousands participate in the annual musical festival.

Regians support and are great boosters of hockey, baseball, football, bowling, tennis, golf, curling, and other recreational and sporting activities. The lovely swimming pools contribute much to the health and happiness of young and old alike.

Regians are proud of their city on the prairies. Level, open plains, ready for the plow, lured the early settlers. They brought their love of beauty and expressed it by planting thousands of trees and establishing parks. Present generations are enjoying the fruits of their vision and labours.

The pioneers built hospitals and schools, a power generating and distributing system, their own waterworks and transit system. All of these, with extensions and improvements to meet the needs of a growing community, are functioning today.

Regina is still a young city. It celebrated its Golden Jubilee in 1968. It has found difficulty in keeping up with its rapid growth. There is still much to be done as time and money permit.

Regina hopes its visitors like what has been accomplished so far. They bid you a warm welcome. They hope you enjoy your visit and that you will come again.

EARL G. BOURNE
President

GREETINGS FROM SASKATCHEWAN CURLING ASSOCIATION

It is most appropriate that the 1955 Canadian Curling Championship should be played in REGINA, the Capital of the Province in this SASKATCHEWAN JUBILEE YEAR.

We are honored to have this great Canadian Macdonald's Brier Championship played here. On behalf of the Special Playdowns Committee and the Executive Council of the Saskatchewan Curling Association — representing the 536 clubs and 21,500 registered curlers — we extend a truly Western welcome to the Brier sponsors, the Trustees, Officials, Provincial winners and their friends who will gather in our city.

The curlers of this great Province are looking forward with a great deal of pleasure to renewing old friendships and meeting the Provincial representatives who may be playing the first time for this Dominion honor.

Good health, good luck and may the best rink win.

EARL G. BOURNE
